Assalamu'alaikum. My name is Ady. I love and enjoy playing. I have many toys. What toys do you have?

**My parents bought all  
my toys. Every time  
they buy me a toy, I  
say, "Thank you, Mom  
and Dad."**

I take good care of my toys. After playing, I tidy up my toys by myself.

**When my mom asks me to eat, I stop playing and have my meal. When the call to prayer is announced, I stop playing to pray.**

Playing is my favorite thing to do, but I also enjoy reading and studying. If my dad calls me to study, I immediately respond to his call. I have to study to become smart.

**My dad says, "Don't just  
keep playing! We must  
remember to pray, we  
must remember to eat,  
and we must also  
remember to study."**

**Let's play, let's learn. Obey  
both your parents and don't  
neglect them and your studies  
because of toys.**
